## *How to Use the Library*

Use of the Library is open to ALL Midwest Creation Fellowship members, as long as you live where the U.S. Postal Service can deliver to you! This includes military addresses. We're sorry, but we do not try to ship library materials to other countries.

**Cost:** Besides membership dues, your only additional cost is return postage. As of November 2011, it's about \$1.50 for one DVD (using **first class postage**, up to 5 ounces). We use Library Rate for most other items: \$2.29 up to 1 pound, plus \$0.39 each additional pound. Per the federal Domestic Mail Manual, Section 373.4, the **Library Mail rate** is usable if the sending OR receiving address is a qualified organization (any 501.c.3 organization that lends items.)

**Shipping:** Please **don't throw away the packaging** in which we send your items! It's almost always reuseable, and saves you (and us) from having to find something else.

If the package even LOOKS like it may weigh 13 ounces, the Postal Service wants you to bring it to their counter, not a blue box, to mail it.

**Terms:** You normally may have 2 items out at one time. Items should be returned within 2 weeks after you receive them. Please be considerate of others who may be waiting for those items! **An overdue fine of \$1.00/item/week is due starting 60 days past the return date.**

**Suggestions:** We can not guarantee when individual items will be available. However, IF YOU CALL US with a need for a particular date, we'll work with you to get your needs met!

Please do request up to 20 or more items at one time. Remember that if you're waiting for only a few items, those are often the items we're having difficulty getting back from others, and you might be in line with other people for one title. So if you want to

keep materials coming, have several "open" requests.

**The website has a search page** to help you find items by keyword, age level, author or presenter, etc. We're sorry that we still do not have a way for you to easily send your request list through the website. BUT you can highlight and copy the list you get from your search, and copy it into an email. Send it to Info@MidwestCreationFellowship.org. Don't forget to include your name, mail address, and a phone number in case we need to call you about it.

**You may ask us to pick items for you**, when there are no titles on the shelf that you specifically requested. We need to know interests and ages of your audience, what formats you could use (DVD, VHS, book, CD) and items that you have seen elsewhere and do not want repeated.

An **order form** is in the packet sent to new members, but if you need a form, get one from our website. There's a link to the Library on the front page. Or email us, call us, or snail-mail it to the address on the reverse of this page.

**Usage Restrictions:** Some videos/DVDs have restrictions on public showings, which are noted on the item and/or the box. These restrictions are fair. Please contact the responsible party to obtain permission to use them in church, or for fund-raising purposes, etc. Most are only restricted from being used for the production of income.

**Copying:** Some items can legally be copied, some can not. If you don't know, please ask the copyright holder.

There is a universe full of evidence for a world-wide Flood, for a "young" earth, and for a supernatural Creator! Feel free to share these materials with your friends, but try to get them back to us so we can send those items to others, and more to you!
